Annual Revenue

Guangdong Saizhuo Technology Holding Group Co., Ltd. was established in June 2013. It is a high-tech enterprise specializing in the production of disposable food containers. Our main product lines include biodegradable items, aluminum foil products, and other environmentally friendly solutions. From raw material research and development, product design, and mold manufacturing, to multi-process production and multi-channel sales, we provide comprehensive services to fully meet our customers’ diverse needs.

The Group headquarters is located in Shenzhen, Guangdong Province. It covers a plant area of 100,000 square meters and employs more than 600 staff members. The Group operates four subordinate production bases: Shenzhen Saizhuo Plastic Industry Co., Ltd., Dongguan Saizhuo Technology Co., Ltd., and Dongguan Saizhuo New Material Co., Ltd. Equipped with a range of state-of-the-art production facilities both domestically and internationally, and supported by comprehensive multi-process manufacturing capabilities, the Group is able to provide customers with tailored, exclusive solutions.

Development
concept
Innovation and development,
pursuit of excellence

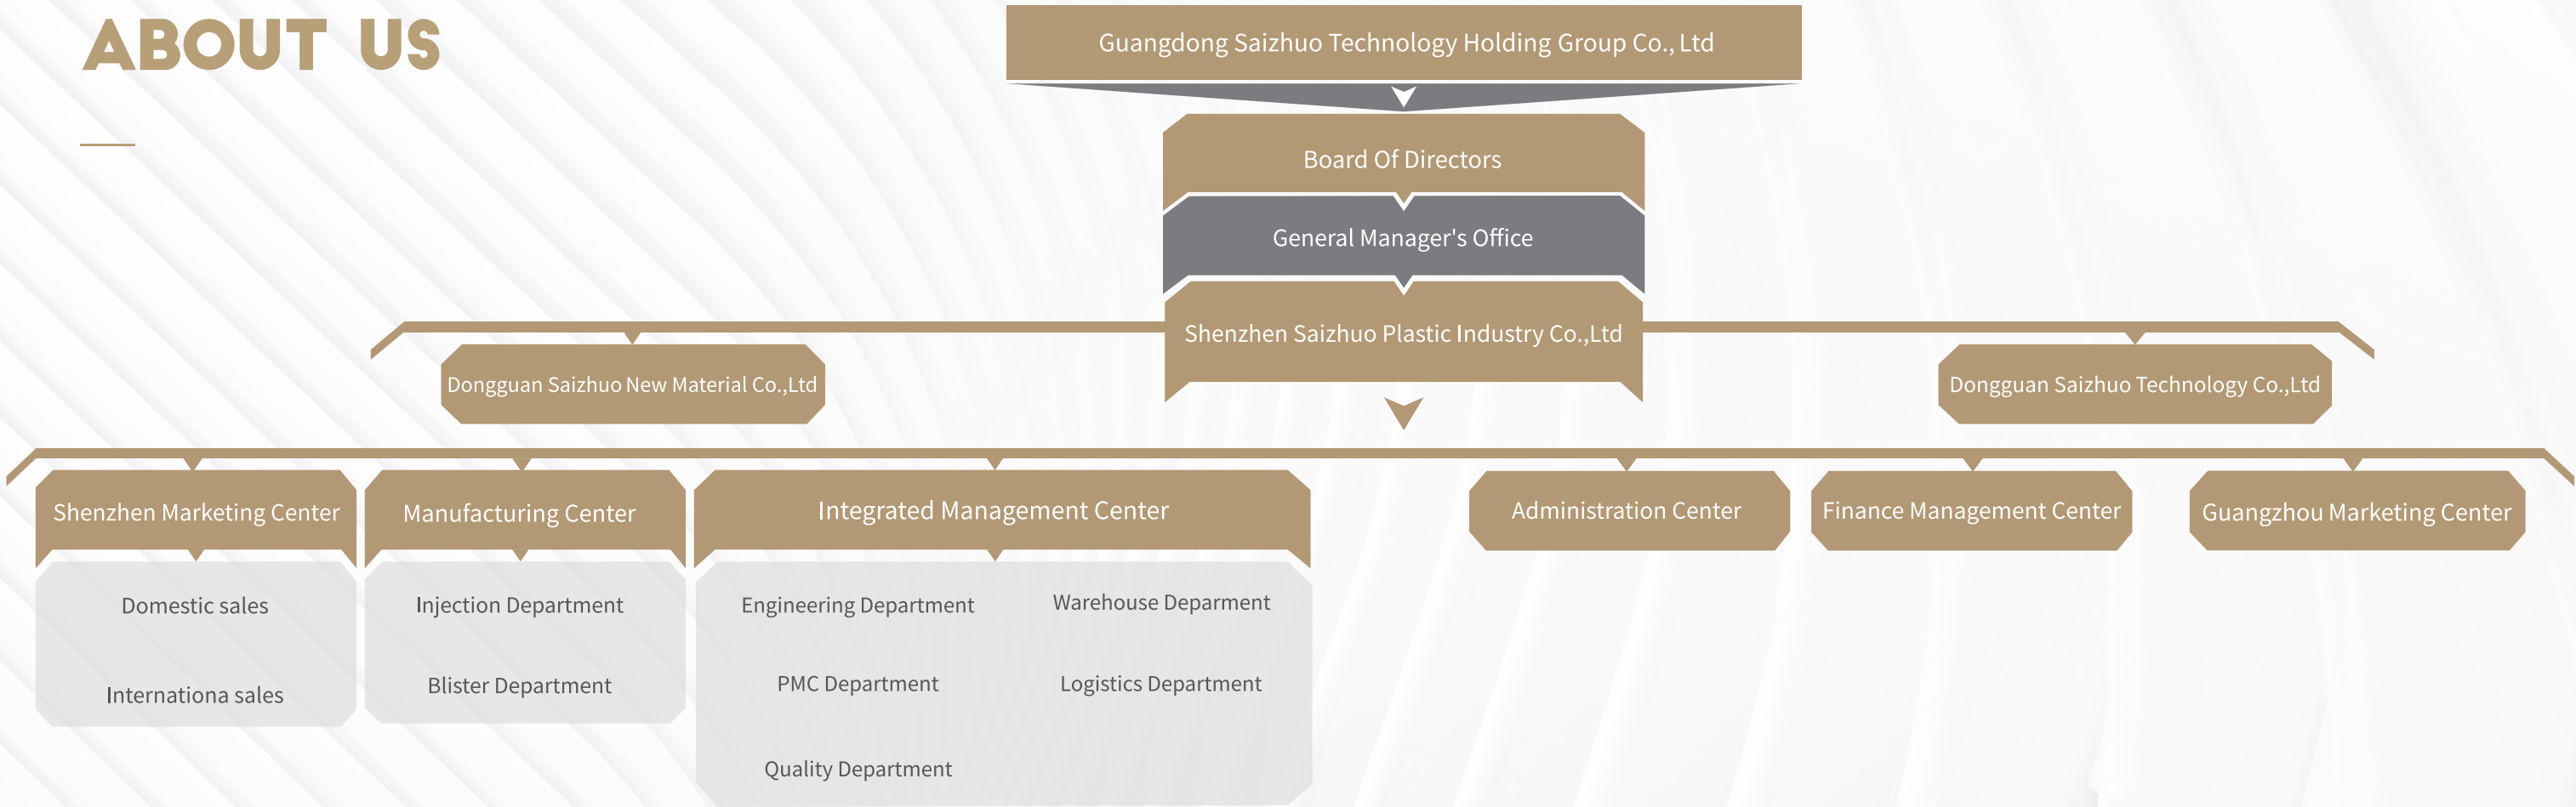

“Innovative development and the pursuit of excellence” is the guiding principle that the Group has consistently upheld. With industry-leading technologies, the company has obtained more than 70 national patents and maintains an annual output value of several hundred million USD. The company has passed ISO9001, ISO22000, ISO14001, and ISO45001 certifications, as well as national high-tech enterprise certification, provincial “Specialized and New” certification, and the national “Little Giant” certification. As a governing unit of the China Food Packaging Association and a recognized leader in the Chinese takeaway food packaging industry, the company also serves as a governing unit of the Guangdong Catering Association, an executive director unit of the Guangdong Food Safety and Quality Association, and a member of the Shenzhen Catering Association. In addition, it is recognized as a “National Contract-abiding and Trustworthy Enterprise.”
